

CLUB REDFERN

ABN: 86 001 864 437

To whom it may concern,

It gives me great pleasure to provide this testimonial for Deicorp.

We, the former Redfern RSL and now Club Redfern Ltd, entered into a commercial arrangement with Deicorp in 2009 whereby Deicorp developed the RSL clubs land to form a mixed used site comprising retail, commercial and residential stratum lots. This also included a new and modern club totaling 1500sq meters in size.

The entire total size of the development at completion was 19 stories not inclusive of car parking facilities.

Within the clubs development, Deicorp completed the fit-out for Club Redfern with bistro inclusive of a full kitchen and ancillaries, 2 bars, a dedicated TAB, 2 gaming rooms, function/ conference rooms and outdoor terrace.

The clubs board, management and delegated authorities have worked closely with Deicorp during the redevelopment with the end product for us being a fully functional and sound operational registered club.

I personally have worked with Deicorp on this project and from my perspective what has been delivered is exactly what our local community needs. Given this I have no hesitation recommending Deicorp for any future project similar to ours. I advise of this due to the professionalism and care delivered and shown by Deicorp during all stages of the said redevelopment.

Please don't hesitate to contact me if further information is required

Sincerely,

Anthony MacAlpine
Chief Executive Officer
